# **NEW PLANES ARRIVING AT CCIA**

## **First Commercial Flight for New A319 from CCIA**

Please join us at Corpus Christi International Airport (CCIA) as we celebrate the arrival of brand new planes, courtesy of American Airlines. On Thursday, November 21<sup>st</sup>, American Airlines is replacing the MD80's in the current service mix at CCIA with the new A319. These planes are part of a new fleet of aircraft that American Airlines is rolling out in select cities between now and the end of the year.

The A319 has first class seating, touch screens at every seat, in-flight Wi-Fi and Main Cabin Extra available to customers who like a little extra leg room when they fly. The A319 will be on the CCIA daily flight schedule twice a day: the first AA flight out in the morning and another departure in the early afternoon. It will also be the last AA arrival from DFW each evening.

The News Conference will take place:

**Thursday, November 21<sup>st</sup>**

**Please join Airport Staff @ the entrance to TSA Security Checkpoint by 12:15pm**

**We will go to the American Airlines Gate as a group**

**\*\*Members of the media will be escorted to the tarmac for Departure Photo Op**

*Questions? Please contact Kim Bridger, Marketing Manager at CCIA*

**go to a happy place.**
