CCIA Emergency Prep – Staying Ready for Anything

Recent emergencies at various airports across the nation have brought to light the realities that any airport can face at any time. At CCIA, we work with our mutual aid partners to stay prepared for the unexpected.

On Tuesday, March 10th at 9am, CCIA will host an annual Table Top exercise that brings together emergency responders from all over Nueces County.

CCIA Table Top Exercise

March 10th, 2015

CCIA Conference Room, Second Floor of Terminal

9:00am – 11:00am

CCIA Public Safety (police, fire, EMT's) would be first on the scene of an emergency at the airport. To fully practice the Airport's Emergency plan, we invite representatives from area hospitals, the Red Cross, Corpus Christi Police and Fire, the Airlines that serve CCIA and emergency responders from other agencies in the city, county and state. The scenario will involve a commercial plane crash on the airfield that has caused many injuries, deaths and a variety of risks to responders. The purpose of the exercise is to deploy the airport's Emergency Plan, discuss the challenges, and work through the hurdles that would likely arise. In the end, the experts in the room are sharing information, bringing new ideas to the table and helping one another stay prepared for a real incident.

Media who would like to attend are welcome to join us in the CCIA Conference room just to the right of the TSA Checkpoint on the second floor of the Terminal. Please rsvp to Kim Bridger, Marketing Manager at the airport: #774-7871 or kimb@cctexas.com.

go to a happy place.
