CORPUS CHRISTI, TX – This weekend, the Corpus Christi International Airport (CCIA) will once again provide a training ground for dogs and their handlers. These dogs are preparing for service at schools, in crisis situations, even to provide comfort to the elderly.

The training will be conducted by a non-profit organization called Go Team Therapy, Crisis and Airport Dogs, Inc. The trainer will be on hand to guide the dogs and handlers through a variety of real-world situations inside the terminal from dealing with common noises and crowds, to walking through the Transportation Security Administration's Security Checkpoint.

Members of the media are invited to cover the training. The instructor, Nancy Trepagnier, will be available for interviews. For more information, or to notify the airport of your plans to attend, please contact CCIA Marketing Manager, Kim Bridger-Hunt, at 361-774-7871 or by email at kimb@cctexas.com.
